Dear Maike,

NEW - The Network of Entrepreneurial Women is an exciting, fresh group of Chicagoland business women who are upgrading their business networking in the Chicago suburbs and beyond.

This month takes us in a southwestern direction to Glen Ellyn, former stomping grounds for founder Erica Thomas, and then to Lombard for a very unusual Halloween themed networking session!

#### Our monthly Meet & Munch:

Because of our exciting collaboration as part of Crain's Small Business Week, we will not have our usual meeting on the 2nd Wed. In place is our Meet, Munch & Mastermind special event on TUESDAY, OCT 1st at Shannon's Irish Pub in Glen Ellyn.

Throughout invigorating facilitated roundtable discussions designed specifically for women business owners, participants will spend time talking with experts at each table in 30 minute sessions. After each session, you'll have the opportunity to rotate on to a new table. Each session will provide opportunities for brainstorming personal

will provide opportunities for brainstorming personal concerns/questions related to the topic discussed.

A casual dinner will follow, where attendees will each have the opportunity to eat, network and connect with women business owners from a variety of industries from throughout Chicagoland. As always, our events are free, but participants will need to pay for the cost of their meal.

*Our monthly Wine, Women & Wellness -- 4th Thursday evening:*

This event has an unusual twist...we will bring some fun in to networking with a special event called Cocktails, Costumes and Connections at Ra Sushi in Lombard on THURSDAY OCT. 24th.

Ra Sushi promises Halloween themed cocktails and sushi. While costumes are not required, we ask that participants consider wearing a costume representing networking in the past, present or future; use your creativity and imagination to represent what it was like to network at the turn of the century...or what it will look like in 100 years!

We have been fortunate to have various businesses host in their space (see the links in the left sidebar) but if you know a great spot for an event in your neighborhood, let us know! We want to bring the NEW brand of networking to many suburban neighborhoods, thus expanding networks of entrepreneurial women.

Where should we go next?
